

RCAPA Member Paul Farmer – AP World Traveler

RCAPA Member Paul Farmer from the UK is soon embarking (Oct. 15th) on a Round the World backpacking journey of epic proportions. His itinerary is varied and touches many of the world’s great places to visit. The staff of RCAPA and the Reporter wish him well on his adventure, and thank him for letting us provide him with a couple of RCAPA stickers to adorn his AP aircraft, the thing. We hope he will continue to update us with stories and photos of his travels so that everyone can follow him as he traverses the globe and helps spread the good word of Aerial Photography to everyone he meets. Bon Voyage Paul!!
